REDUCED PRICES.—EDWARD SIMMS late William Cleaver, of Wilton-road, Pimlico Basin, begs to acquaint Builders and the Trade that he has now on hand, at his Manufactory (the first of its kind ever established), a very large Assortment of Dry and Well-seasoned OAK and DEAL PREPARED FLOORING BOARDS and MATCH BOARDING of all sorts, from 4 inch to 14 inch thick, planed to a parallel width and thickness, and at greatly Reduced Prices. Also, Timber, Deals, Oak Planks, Scantlings, Sash Sills, Mouldings prepared by Machinery, Laths, &c.—Apply at E. SIMMS's (late W. Cleaver's) Flooring Manufactory, Wilton-road, Pimlico Basin.

A REDUCTION in the PRICE of FLOOR BOARDS.—ALFRED BOSLING begs to inform the Trade and Consumers generally, that he has REDUCED the PRICE, and keeps constantly in stock a large and very general assortment of Prepared Floor Boards and Matched Boarding, issued to a parallel breadth and thickness, and fit for immediate use; also a variety of machine-prepared Mouldings, which are finished with great accuracy and attention to quality of workmanship.—Southwark Bridge Wharf, Bankside, and Old Barge Wharf, Upper Ground-street, Blackfriars.

GREAT REDUCTION IN THE PRICE OF FLOOR BOARDS AND MATCH BOARDING.—THOMAS ADAMS (late S. Dare), Mahogany and Timber Merchant, Bermondsey New-road, Southwark, near the Bricklayers' Arms, begs to inform his friends and the trade generally, that he has in stock a large assortment of the above goods, fit for immediate use, at prices which only require a trial to prove their decided cheapness. Also mouldings prepared by machinery from the very best material, and in a superior manner; cut deals and scantling of every dimension; mahogany, cedar, rosewood, wainscot, elm, beech, oak, &c., in planks, boards, veneers, and logs; panelled, oak, and fir laths; wheelwrights' goods. All sawn and prepared goods except timber, delivered free of expense; sawing charged at mill prices. Very extensive drying sheds.

SEASONED SPRUCE FLOORING, prepared by improved machinery, in a superior manner.
Three-quarter inch thick .. .. .. 10s. 6d. per square.
One inch ditto .. .. 12s. ditto.
SAMUEL ARCHBUTT's Sawing and Planing Mills, King's-road, Chelsea.

BARROWS and LADDERS.—G. ELL has, for immediate disposal, 150 to 200 of the strongest make EXCAVATORS' BARROWS, Ash frames, elm legs, extra bolted, with iron stays to legs, complete, from 16s. to 18s. 6d. per barrow, being a reduction of one-third on the present selling prices. Also, about 60 good useful LADDERS, from 18 to 60 rounds, that have been used on hire, very cheap—about half the selling price: see printed list of prices.—Apply to G. ELL, 3 and 4, Tottenham-court, Newroad, opposite the Hampstead-road.

MUIR'S PATENT  PLANING MACHINE.

SAW MILLS, GILLINGHAM-STREET, PIMLICO.

TIMBER of any size, PLANK, DEALS, and BATTENS, &c., Sawn on the most approved principle, Boards, &c., Prepared, Matched, and Grooved, by Muir's Patent Machinery. The Mills have all the advantages of navigation and water-carriage, being connected with the Thames by the Grosvenor Canal. Goods fetched from the docks and carted home free of charge.
Address to HENRY SOUTHAM.
Saw Mills, Gillingham-street, Pimlico.
N.B. Estimates given for Sawing and Planing.

GENERAL WOOD-CUTTING COMPANY.—SAWING, PLANING, AND MOULDING MILLS, Belvedere-road, Lambeth, between the Suspension and Waterloo Bridges. SAWING and PLANING in all their branches executed with the greatest despatch and punctuality. A large Stock of seasoned and beautifully WORKED MOULDINGS, consisting of upwards of 100 different patterns kept constantly on hand; also an extensive assortment of dry prepared FLOORING BOARDS, of all qualities and at reasonable rates.

PHILLIPS, ALLCARD, and CO.'S IMPERIAL DEAL SAW-MILLS, WESTLOCK-ROAD CITY-ROAD, beg to invite the attention of builders, carpenters and the trade, to their well selected stock, consisting of a large assortment of TIMBER, DEALS, PLANKS, and BATTENS, of every description, and thoroughly seasoned. They also have constantly on hand, and ready for immediate use, white and yellow prepared FLOORING BOARDS of all thicknesses, and matched lining, cut and planed to a parallel breadth and thickness. And they are enabled to offer all their goods at very moderate prices.

DESICCATED WOOD.—DAVISON and SYMINGTON'S PATENT.—Builders, Cabinet-makers, and others, will find it much to their advantage to patronise this new process of seasoning. The greenest wood can thus not only be seasoned in an incredibly short space of time, at a small cost, but is rendered stronger, entirely free from shrinkage, and in every respect better than wood treated in the ordinary way; thereby saving capital, interest of money, insurance, and all the other inconvenience attending the keeping of a large stock.
The DESICCATING SAWING and PLANING MILLS are situated at PLOUGH BRIDGE, ROTHERHITHE, adjoining the Commercial and East Country Docks, from whence parties obtaining their material can have the same converted as required, and sent home at for immediate use.—T. GIBLING, Manager.
For licenses to use the patent, scale of prices, or other information, address, ANGUS JENNINGS, Secretary, Patent Desiccating Company, 41, Gracechurch-street, City.

TO ARCHITECTS, BUILDERS, UPHOLSTERERS, AND OTHERS.

WOOD CARVING done in the cheapest and best manner. Estimates given to any amount. Pulpits, reading-desks, altar-rails, stalls, and other church fittings supplied complete. Old carvings restored by J. STALON, Wood Carver and Manufacturer, 41, Berwick-street, Soho, London.

JORDAN'S PATENT MACHINE CARVING and MOULDING WORKS for WOOD and STONE, Belvedere-road, Lambeth, and 124, Strand.—TAYLOR, WILLIAMS, and JORDAN beg to call the attention of the building community to a new feature of their establishment, and, at the same time, to thank their numerous patrons and friends for the very liberal support they have lately experienced, which, they assure them and the public, it will be their constant endeavour to deserve, by giving their customers an increasing share of the advantages arising from the constant improvements in the machinery which they have just succeeded in applying to the production of the most intricate carving in Caen and other freestones, and in statuary marble.
T., W., and J. particularly solicit the attention of architects and builders to the fact that, by the use of this machinery, a very large saving, both of time and money, is effected,—so great, indeed, that in many cases they can deliver a well-finished article in Caen stone for less money than it can be obtained in cement, while their wind-carving mill, in some cases, be found to come into close competition with the best kinds of composition ornament.—For prices and estimates apply at 124, Strand.

TESTIMONIAL FROM CHARLES BARRY, ESQ.

"Westminster, May 16th, 1848.

"Gentlemen,—In reply to your letter requesting my opinion of your patent Carving Machinery, I have much pleasure in stating, from an experience of more than two years, in its application to the production of the wood carvings of the House of Peers, and other apartments of the New Palace, at Westminster, that I am enabled to make the most favourable report concerning it, and to add that it has more than justified the favourable terms in which I recommended it in 1846 to her Majesty's Commissioners of Woods and Works for adoption.—I remain, Gentlemen, yours faithfully,
"CHARLES BARRY."

Messrs. Taylor, Williams, and Jordan."

FUNERAL FEATHERS.—TO UNDERTAKERS, UPHOLSTERERS, CABINET-MAKERS, AND BUILDERS.—G. SHADBOLT and Co., Funeral Furnishers, beg to inform the trade that they have REMOVED their FEATHER BUSINESS from Church-street, Soho, to No. 5, Walbrook, City, near the Mansion House, where all orders will in future be received, and punctually attended to in town or country.
5, Walbrook, August 8th, 1849.

TODD'S PATENT PROTOXIDE PAINT, at a very considerable REDUCTION of PRICE.—This article is extensively used by the principal Railway and Gas Companies, and by Builders and others for painting Stucco. It prevents iron from rusting, wood from decay, masonry from damp, and the hottest sun has no effect upon it.—Manufactured by CHARLES FRANCIS and SONS, Cement Works, Nine Elms, London.

EMERSON'S PATENT LIQUID CEMENT is ready for use, is simple in its application, and only ONE-EIGHTH the cost of oil paint; for beauty it is pre-eminent over all other materials used on the fronts of houses, giving the exact appearance of FINE CUT STONE; can be used at once on fresh Roman cement or other plastering; is particularly calculated for country houses, villas, or gate entrances that have become soiled or dingy, which can be beautified in any weather, at a trifling cost.—Sold in casks of 1, 2, and 3 cwt., at 5s., 12s. and 21s. each.

PATENT MINERAL PAINT.

Invaluable as a coating for SHIPS' SIDES AND BOTTOMS, all kinds of WOOD or METAL work, roofing felts, leaky roofs, spouts and gutters, doors, sheds, railing, and all kinds of out-door work, and being perfectly waterproof, will preserve their surfaces from atmospheric influence and decay; requires no preparation, and will dry in a few hours.—Sold in casks, 3 to 6 gallons, Brilliant Black, 3s.; Rich Brown, 3s. 6d. per gallon.
HELL, LEAR, and Co., No. 16, Basinghall-lane, Cheapside.

GREAVES'S BLUE LIAS LIME, WARWICKSHIRE CEMENT, and WARWICKSHIRE IMPROVED CEMENT, at RUTTY and VERRY, 2, South Wharf, Paddington; and W. and T. N. GLADDISH, Pedlar's-acre, Lambeth. The present low rates of transit enable the proprietor to send to any part of the kingdom at very moderate prices, from his works, Southam, Warwickshire.

PARIAN CEMENT, for internal stucco, instead of common plastering, may be painted and papered within twenty hours of its application to the bare walls, and by the use of which, rooms may be rendered habitable before the materials commonly adopted would begin to dry. It is worked without the slightest difficulty, the labour being easier and less expensive than with any other stucco whatever. A finer quality is also prepared for ornamental plastering, for encaustic painting, &c. &c.—Specimens of which may be seen at the works of the Patentees, CHAS. FRANCIS and SONS, Nine Elms, London.

ATKINSON'S CEMENT.—This Cement has hitherto been manufactured in Yorkshire, and through long detention at sea, has often proved stale and unfit for use on its arrival in London. By the arrangement now made, the Cement will be manufactured in London, and thus presented to consumers in a fresh and genuine state, by the sole Agents, J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENTS, for internal stucco, are employed very advantageously in place of wood for skirtings, architraves, and panel mouldings, and for interior decorations instead of stucco. The peculiar properties of PARIAN Cement allow of its being painted or papered upon within a few hours of its application, and thus render it an important substitute for common plastering in those cases where expedition and beauty of finish are essential.—J. B. WHITE and SONS, Millbank-street, Westminster, Patentees of KEENE'S Cement, Licensees of PARIAN Cement.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement, but has the advantage over that material of wholly resisting frost; and when used as a stucco it does not vegetate or turn green in damp situations and requires no colouring. Employed as an hydraulic mortar for brickwork, it carries four to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior cementing power, combined with its eminently hydraulic properties, point it out as the fittest material for building sea and embankment walls, the lining of reservoirs, cisterns, and baths, and for all those purposes where strength and a perfect resistance to water are required.
Manufacturers—J. B. WHITE and SON, Millbank-street, Westminster, and 36, Seel-street, Liverpool.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Son of the Patentee.—Messrs. ROBINS, ASPDIN, and Co. request reference to No. 246, page 491; and also Nos. 244 and 245, pages 343 and 361 of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, whereby the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel to resist the action of water; it is stronger in its cementitious qualities, harder, and more durable than any other description of Cement; it does not vegetate, crystallize, or turn green; nor is it affected by any atmospheric influence whatever the climate, resisting alike the action of frost and heat. It is manufactured to set in from five to sixty minutes. For all purposes that Cement is applicable the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent, and their Wharf, Great Scotland-yard, Whitehall; also by their Agent at the Depôt, 1, Back Goree, Liverpool.

MARTIN'S PATENT FIRE-PROOF and ORNAMENTAL CEMENT—REDUCTION of PRICE.—The Patentees beg to inform their Friends and the Public that they have made arrangements which enable them to offer this invaluable cement at a considerably reduced price. It has now been before the public so many years, and has obtained so high a standing in the estimation of all who have used it, that it is unnecessary to comment on its merits. The Patentees, however, feel called upon to observe, that by its use—from the greater amount of surface which a given quantity will cover, and the small amount of labour required in working it, a saving of 25 to 30 per cent. is effected as compared with other cements for internal use. Specimens showing its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen; and the Cement in any quantity obtained of the Patentees, Messrs. STEVENS and SON, at the Plaster and Cement Works, 189, Drury-lane, London.—Agent for Liverpool.
Mr. GEORGE NEWTON, No. 6, Lawton-street, Bold-street.

JOHN'S and Co. PATENT STUCCO CEMENT and PAINT.—GREAT REDUCTION of PRICE.—The Patentees beg to inform the trade and the public generally, that in order to induce a more extended adoption of these excellent materials, and to bring them into direct competition with the inferior articles in common use, they have determined to reduce the price nearly 25 per cent., confidently trusting to a mutually advantageous result. These materials, for their beauty, durability, impervious, perfect resistance to frost or heat, and great cheapness, fully justify the confidence reposed in them, as shown by numerous testimonials. For INTERIOR SURFACES this cement possesses the following valuable properties: having no caustic qualities, it may be painted on or papered within a few days after its application, and a new house may thus be rendered habitable without any delay. It never blisters, cracks, or vegetates; very soon becomes as hard as stone, and may be cleaned with a brush and water.—Prospectuses, specimens, and every information connected with its use, price, &c., may be obtained from the sole agent, PHILIP HARE, at the Warehouse, 22, Steel-yard, Upper Thames-street.

TO PLASTERERS, BUILDERS, &c.

JOHN'S and Co. PATENT PERMANENT STUCCO WASH.—The attention of the trade is requested to this permanent wash, which cannot be equalled in its properties of beauty and durability for exterior stucco or brick, and being a non-absorbent, is admirably adapted for interior surfaces, for railway stations, [illegible] warehouses, schools, asylums, barracks, stables, prisons, &c. It will not wash off, may be tinted to any colour, and 1 cwt. will cover 200 yards.—Price 15s. per cwt. Sole agent, PHILIP HARE, 22, Steel-yard, Upper Thames-street.

TO THE BUILDING PUBLIC.

FIRST-RATE ORNAMENTS in PORTLAND, ROMAN and other CEMENTS, and PLASTER of PARIS, at reasonable prices, consisting of Vases, Fountains, Capitals, perforated Panellings, Chatelleres, Brackets, Frieses, Wreaths, Scrolls, Medallions, Heads, Figures, Friezes, Gothic and other Chimney-Shafts, Baths, Bed-moulds, Patera, &c., &c. Centre Flowers from 10 feet diameter downwards. An assortment of Shop-front Frames always ready for fixing.—HERBERT and SON, Modellers, &c., 48, Parker-street, Drury-lane.

CHEAP ORNAMENTAL GLASS.—I beg to inform my friends and the public, that I have now completed a new ENGINE and, owing to the facility with which I can execute orders, I am enabled to reduce my former prices considerably. The prices stand now from ONE SHILLING PER FOOT SUPR., and borders from SIXPENCE PER FOOT RUN. A large quantity of the cheapest patterns always in stock. Embossing and painted work on the most moderate terms.—CHARLES LONG, No. 1, King-street, Baker-street, Portman-square.—Cash only.

BIRMINGHAM PLATE GLASS COMPANY are supplying PLATE GLASS of a superior quality, at an unusually moderate rate of charge. For estimates apply at their warehouse, No. 141, Fleet-street. Rough Plate, ¼, ⅜, ½, and 1 inch thick.

PATENT PLATE GLASS.—HETLEY and CO. beg to inform Architects, Builders, and the Trade generally, that their new Tariff of PRICES for the above is now ready, and will be forwarded on application. A REDUCTION of above 25 per cent. has been made on the usual Cutting sizes.—Sheet, Crown, and Ornamental Window-Glass Warehouse, 38, Soho-square, London.—ROUGH PLATE GLASS.

PLATE GLASS.—British Plate Glass, under 1 foot super. 1s. 8d.; under 1 foot 6 inches, 1s. 6d.; under 3 feet, 1s. 9d.; under 3 feet, 2s. per foot.
SHEET GLASS.—No. 16, cutting sheet, 3rd quality, in 200 foot cases, 22s. per case. No. 21, ditto, ditto, ditto, 22s. per foot.
Estimates for every description of glass, from 16th to 1-inch, may be had at THOS. MILLINGTON'S Warehouse, 87, Bishopsgate-street Without.

E. and W. H. JACKSON beg to call the attention of Builders and the trade to the reduced prices of their PATENT PLATE GLASS, which, from its cheapness, is now superseding crown in all respectable dwelling-houses. BRITISH and ROUGH PLATE, CROWN, SHEET, STAINED, and ORNAMENTAL GLASS, supplied of the best manufacture, and at the lowest terms. List of prices, estimates, and every information can be had on application at their warehouse, 113, Oxford-street.

THE UNION PLATE GLASS COMPANY beg to call the attention of architects, surveyors, builders, large consumers, and the trade generally, to the quality, colour, and substance of their highly-finished glass, and as the discounts vary according to size, they prefer giving a special estimate for each quantity required. To encourage the use of Plate Glass for glazing purposes, the price is considerably reduced, which will, for its durability and appearance, insure the preference to any other description.
ROUGH PLATE GLASS supplied for skylights, warehouses, workshops, and flooring, 3-8ths, ½, ¾, and 1 inch thick.
London Warehouse, 56, Hatton-garden, Holborn.
H. CHRISTIE, Agent.

REDUCTION in PRICES of PEAKE'S TERRO-METALLIC DRAIN and CONDUIT PIPES to the same prices in London as what are called Glazed Stone-ware Pipes, but as the latter lay only 11" instead of 18", the terro-metallic are, in measure, 9 per cent. cheaper, besides being so superior in strength, in form, and in durable efficiency. No other kind are so desirable for exportation. Bricks of any figure, either solid or hollow, of similar material, which was stated by Sir Thos. Bodley to be, "in fact, the hardest and most durable of any in England;" and by Mr. Loudon to be "almost equally hard as cast-iron, and, from its nature, incomparably more durable."—Address, THOMAS PEAKE, 4 Wharf, Macclesfield-street South, City-road Basin, London; or The Tilleries, Tunstall, Staffordshire Potteries.

BRICKS, FIRE-BRICKS, TILES, and GLAZED DRAIN PIPES.—All sorts of Kiln Burnt Bricks, Tiles, Glazed Terra Neat Water-Pipes, Drain ditto, Chimney Pots, &c., are CONSTANTLY ON SALE, at my London Depot, Bricklayers' Arms Terminus, Dover Railway, where an early inspection of the goods will much oblige.—All orders and letters to either address will meet with prompt attention.—Prices forwarded upon application. HENRY BROWN, Proprietor.
Brick, Tile, and Pottery Kilns, Mount-pleasant, Marden, Kent.

TO BUILDERS AND OTHERS.

STOCKS, best quality, delivered, 36s.; second quality, 34s.; superior country pan tiles, 46s.; plain ditto, 32s. Stourbridge, Welsh, Newcastle, and Windsor Fire Bricks, Bumps, Tile, Clay, Loam, &c., at very reduced prices. Stage goods made to any pattern for Engineers, Gas Companies, Brewers, and others, in twenty-one days; Slates, Sanitary Pipes, Dutch Clinkers, Patent Malting Tiles, &c., at WARD and CO., Honduras Wharf, Bankside, London. Country buyers will find this the best market.—N.B. A large quantity of Stock bricks wanted for cash payments.

FIRE-CLAY and TERRA-COTTA HOLLOW BRICKS, &c.—Chimneys, pipes, glazed and plain, vases, capitals, panellings, patera, brackets, trusses, headings, and ornaments of all kinds, usually made in coarse or stoneware, are now offered, at cement prices, in the above material, the superiority of which, in colour, durability, special adaptation for smoke and execution, is so well known. Patent Hollow Bricks of the most approved form kept on hand. The attractive designs of the Architectural Publication Society executed upon an order for twenty-five of a sort. The last completed forms will be kept on hand.—SAMUEL TURMAN, Agent to the Cliffe Delivery and Terra-Cotta Works, Wakefield, Yorkshire. Western Wharf, Adelphi, September 20, 1849. Entrance at bottom of George street, Adelphi.
Messrs. HEATHLEY and BROUGHTON, Proprietors.

PAPER-HANGINGS.—At E. T. ARCHER'S Manufactory for English and Warehouse for English and French Paper-hangings, from One Penny per yard, to the most costly panelled decorations. The decorations are fitted up on the walls of an extensive range of show rooms, showing at one view a drawing or dining room finished, fit for occupation.—Painted marble or granite papers of superior fabric, from One Penny per yard.—91, Oxford-street.

PAPER-HANGINGS by MACHINE and BLOCKS.—The trade supplied in town and country, with machine goods, from first-rate new designs, at the lowest prices they have ever been sold in this country; and block goods, for style and quality, not to be surpassed by any house in England. All the patterns are registered, and can only be supplied by BENNELL and CROSS, Queen-street, Southwark bridge-road. Cheapest house in London for oak, marbles, and panel decorations. A set of patterns, 5s.; to be deducted off an order of 5l.—Terms, cash.

GUTTA PERCHA PAPER for DAMP WALLS, &c.—JEFFREY, ALLEN and Co., PAPER-HANGING MANUFACTURERS, 114, High-street, Whitechapel, call the attention of persons having houses with damp walls to the above important application of gutta percha. This paper, at a trifling cost, by preventing the rise of damp, renders an apartment more healthy, and effectually preserves the wall papers therein from discoloration and decay.—N.B. The Gutta Percha Paper can only be obtained at JEFFREY, ALLEN, and CO.'S FACTORY, Kent and Essex-yard, Whitechapel High-street, London.

CLEANLINESS is necessarily at all times conducive to health, and this, as well as economy, is greatly promoted by substituting for the noxious process of painting with oil and white lead, STEPHENS'S DYES for STAINING WOOD, as a SUBSTITUTE for PAINT, for decorating churches, large public rooms, and theatres, as well as private dwellings. When economy in expenditure of material and time is of importance, these Dyes will be found of the greatest advantage, as they give a rich colour to plain woods, while they reflect all the beauty of the natural graining, which is so superior to imitations by art, and, at the same time, avoid the disagreeable smell and deleterious consequences of paint. The Dyes, or Stains, are prepared and sold by HENRY STEPHENS, 54, Stamford-street, Blackfriars-road, London, in bottles at 6d. and 1s. each, and 8s. per gallon. The Oak, Mahogany, and Stain Wood Colours may be obtained in powder at 3s. per lb., which dissolves in water to form the liquid, and 1 lb. will make one gallon of stain.—N.B. The trade supplied.—Sold also at the Office of "The Builder," 2, York-street, Covent Garden, London; at both which places may be had the proper Varnish and Size, with directions for their use.
